# Pinot's BodyFx Body Repair - naturally

## WHAT IS BODYFX?

**BodyFx** cream soothes the aches and pains associated with sports injuries, arthritis, muscle & joint strain and inflammation. It is also effective in the treatment of minor skin conditions and aids the healing of wounds, bruises and burns. **BodyFX** can be safely applied to every part of the body and is so versatile you will find a new use for it every day.

## HOW DOES IT WORK?

**BodyFx** is a specially formulated homogenous mass of activated herbs with powerful healing, soothing and antibiotic properties. Upon application **BodyFX** stimulates the effect of hot and cold compression, which brings fast relief and starts the healing process. The herbs contained in **BodyFX** treat the surface of your skin and also work deep down to bring relief to a wide range of muscle, joint, and skin conditions – naturally, of course!

## HERB TRADITIONAL USAGE

**BodyFx** contains the following herbal ingredients:

**Cayenne** stimulates circulation to the area generating warmth from beneath the skin

**Menthol** evaporates from surface of skin to cool the area

**Cloves** antiseptic, antiviral and antifungal properties fight infection; analgesic – relieves pain

**Valerian** soothes and relieves pain; antispasmodic

**Meadowsweet** anti-inflammatory effects relieve arthritis, swollen joints, aches and pains

**Burdock** treatment of skin conditions such as acne, boils, wounds and dandruff

**Fenugreek** soothing agent for wounds, ulcers, boils, inflamed and infected skin

**Juniper** treatment of wounds and inflammatory diseases; aches & pains associated with gout

**Rose Hip** nourishes the skin

**Dandelion** treatment of rheumatic conditions, warts, calluses, bee stings and sores

**Fennel** antimicrobial; treatment of rheumatic pain

**Horsetail** astringent – helps wound healing; treatment of itchy rashes and weeping wounds

**Bladderwrack** treatment of arthritis, rheumatism and enlarged glands

**Alfalfa** treatment of boils, insect bites and fungal infections

**White Willow** anti-inflammatory; treatment of burns, eczema, pimples and skin eruptions; analgesic – relieves pain

### PINOT BODYFX – topical cream

**Directions:** Mix if separated. Apply directly to the affected area. Reapply regularly. For back ache apply cream to the full length of the spine. For ear aches and swollen neck glands apply cream to back of ears and onto glands on the side of the neck. To aid in clearing the sinuses, gently insert a small amount of cream into nostrils using a clean cotton tip. **BodyFX** produces a warm, tingling sensation when first applied, which is normal and not a sign of skin reaction. If you have sensitive skin patch test a small area before use. **Always read the label. Use only as directed.**

**If symptoms persist consult your health care professional.**

## PRODUCT HISTORY

For over 20 years our range of natural herbal treatments have been prescribed and used by Australian healthcare practitioners. Over this time our herbal tonics, creams and formulas have been developed and refined so that their use, individually or in combination, has resulted in the effective treatment of many common ailments.
