- ✓ VIRAL INFECTIONS

100% NATURAL HERBAL RELIEF  
POWERFUL HERBAL FORMULAS

No Sugar, No Gluten, No Yeast, No Animal Products

THE NATURAL STEP TOWARD BETTER HEALTH

## WHAT IS BREATHEEZ?

**BreatheEz** is a liquid herbal formulation that has been specifically developed to target upper respiratory conditions.

**BreatheEz** provides temporary relief of symptoms associated with respiratory conditions such as coughs, colds, flu, bronchitis, hay fever and sinusitis.

## HOW DOES IT WORK?

**BreatheEz** herbal formulation works two ways; firstly, by fighting the causes of respiratory infections, and secondly, by relieving the symptoms of congestion and inflammation – naturally, of course!

## WHY WE DON'T MAKE TABLETS

**Pinot** herbal preparations are **liquid extracts, not tablets.**

Liquid extracts present the most potent and efficient method to introduce healing herbs into the body - especially when taken under the tongue.

Tablets, on the other hand, have to first be digested before they can be absorbed and this takes time and energy. Tablets also contain many fillers and binding agents, some of which cannot be digested and these can place further stress on sensitive digestive systems.

## HERB TRADITIONAL USAGE

**BreatheEz** contains the following **herbal ingredients:**

**Licorice** *relieves congestion of the mucous lining; anti-inflammatory, antibacterial, and antiviral properties fight chest and throat disorders*

**Cayenne** *treats conditions of laryngitis, sinusitis, asthma and bronchitis; immune stimulant*

**Valerian** *antispasmodic – calms agitated throat and chests*

**Alfalfa** *nutritive herb boosts your immune system*

**Fennel** *relieves wheezing & shortness of breath*

**Bladderwrack** *improves glandular health*

**Horsetail** *treatment of pleurisy, bronchitis & tonsillitis; fights infections*

**Fenugreek** *treatment of chronic cough, bronchitis, fever, sore throat and mouth ulcers*

**Meadowsweet** *reduces fever; fights bacterial infections; analgesic – relieves pain and irritation*

**Juniper** *calmative – relieves coughing fits; anti-inflammatory*

**Burdock** *soothes inflamed mucous membranes; fights bacterial infections*

**Dandelion** *reduces glandular swellings; detoxifier*

**Rose Hip** *source of vitamin C; treatment of chest infections, coughs, colds and influenza*

**Cloves** *expectorant – relieves congestion in the head and lungs; antibacterial – fights infection*

### PINOT BREATHEEZ – 200mL ORAL LIQUID

**Dosage:** Gargle then swallow. May be diluted in water or juice according to taste.

**Adults:** 5 ml 3 times per day.

**Children (2yrs & above):** 3 ml 3 times per day.

**WARNING** Not to be used in children under 2 years of age without medical advice.

**Always read the label. Use only as directed. If symptoms persist consult your health care professional.**

## PRODUCT HISTORY

For over 20 years our range of natural herbal treatments have been prescribed and used by Australian healthcare practitioners. Over this time our herbal tonics, creams and formulas have been developed and refined so that their use, individually or in combination, has resulted in the effective treatment of many common ailments. For a complete treatment guide and patient testimonials visit our website: [www.pinotherbal.com](http://www.pinotherbal.com)

## PINOT'S SPIRAL VORTEX

The spiral vortex represents the production process used in the making of Pinot herbal products – we call it the Vortex Method. Pinot's unique method of sourcing, combining and mixing herbs is the result of over 20 years of product development.
