NATURAL HERBAL RELIEF
POWERFUL HERBAL FORMULAS

No Sugar, No Gluten, No Yeast, No Animal Products

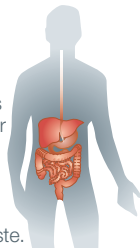

THE NATURAL STEP TOWARD BETTER HEALTH

WHAT IS CLEANSEU?

CleanseU is a fast acting liquid herbal detox tonic used to restore internal health. It is simple to take and fast acting. There are no special diets to follow or tablets to swallow - just 10ml three times per day. Great for busy people!

HOW DOES IT WORK?

CleanseU contains 16 active herbs that act together as an effective liver and intestinal cleanse. While some herbs work in assisting your body in the repair and maintenance of stressed organs, other herbs target the elimination of parasites and waste. This herbal combination of detoxification and elimination works to make you healthier and feeling better – naturally, of course!

WHY WE DON'T MAKE TABLETS

Pinot herbal preparations are **liquid extracts, not tablets.**

Liquid extracts present the most potent and efficient method to introduce healing herbs into the body - especially when taken under the tongue.

Tablets, on the other hand, have to first be digested before they can be absorbed and this takes time and energy. Tablets also contain many fillers and binding agents, some of which cannot be digested and can place further stress on sensitive digestive systems.

HERB TRADITIONAL USE

CleanseU contains the following herbal ingredients:

Cloves worms, viruses, candida, various bacterial and protozoan infections

Wormwood expels intestinal worms, relieves digestive disorders

Black Walnut expels intestinal worms; antimicrobial and antifungal effects

Alfalfa aids digestion and nutrient assimilation

Cayenne aids digestion; treatment of gastro-intestinal diseases and ulcers

Fennel eases flatulence, indigestion, cramps and bloating; antimicrobial

Bladderwrack regulates metabolism aiding weight control; aids glandular health; antioxidant

Fenugreek relieves dyspepsia (heartburn); softens & expels mucous from the intestinal canal;

anti-inflammatory; antioxidant herb

Horsetail relieves ulcers, bladder and urinary tract infections

Meadowsweet relieves acid and heartburn; fights bacterial infections; anti-inflammatory; antioxidant

Rose Hip relieves renal and urinary disorders

Juniper relieves heart burn, bad breath and cramps; gastrointestinal infections and inflammation

Valerian relieves gastrointestinal spasms and distress

Burdock antimicrobial; relieves fluid retention; liver cleanser

Dandelion relieves heart burn, flatulence and distension; assists bile flow; detoxifier

Senna relieves constipation; assists in elimination of waste material from intestinal tract

PINOT CLEANSEU – 500mL ORAL LIQUID

Dosage: Adults 10ml 3 times per day in a glass of water or juice followed by a second glass of water. If excessive bowel movement occurs, reduce dose. Each 500mL bottle is sufficient for a two week course. We recommend an initial course of two CleanseU bottles (approx. one month) for best results.

Although there are no dietary restrictions while taking CleanseU, for more effective results, avoid dairy products for the first week.

Always read the label. Use only as directed.

If symptoms persist consult your health care professional

PRODUCT HISTORY

For over 20 years our range of natural herbal products have been prescribed and used in our Clinic and by Australian healthcare practitioners. Over this time our herbal tonics, creams and formulas have been developed and refined so that their use, individually or in combination, have resulted in positive outcomes for many common ailments.
