WHAT IS CRÈME?

Crème cosmetic cream is a complex formulation of herbal and marine extracts blended with natural plant oils. This versatile, natural cosmetic cream is great for the eye, face, and body and is suitable as both a day and night cream. Pinot **Crème** is suitable for men and women of all skin types and ages.

HOW DOES IT WORK?

Crème cosmetic cream contains a unique combination of Herbal & Marine extracts and Plant oils that nourish the skin and assists your body's natural ability in repairing and regenerating damaged and dry skin. Pinot **Crème** firms the complexion by promoting your skin's collagen and elastin, boosting your skin's radiance – naturally, of course!
